

AeroStone® Countertop Checklist

Aircraft S/N _____ **Organization/Location:** _____

Top Style: Galley Galley Annex Aft Lav Fwd Lav Other _____

Horizontal Surface Thickness: standard 3/16" other: _____

Dimensional Tolerances: Standard ($\pm 1/8$ " overall, $\pm 1/16$ " on surface thickness and nosing cross section)
 Other _____

Nose Style: standard AQN- _____ other – drawing or model provided N/A

Bullnose Drop Dimension: _____

Sink Style: standard integral AQB- _____ custom integral – drawing or model provided undermount – model # _____ or sample provided top mount – model # _____ or sample provided N/A

Drain Style: standard, AQD- _____ other – drawing or model provided N/A

Sink Cover Style (for undermount sink): standard AQI custom – drawing provided N/A

Splash Style: Standard integral AQS- _____ custom integral – drawing or model provided; <4" tall for granite, <1" tall for marble custom separate – drawing or model provided N/A

Trash door style: standard AQI custom – drawing provided N/A

AS Color #: _____ **Finish:** matte gloss

Drawing #: _____ **Rev #:** _____

Substrate material for top, sink cover, trash door & burn samples: customer-supplied, standard 1/2" thick honeycomb, part no. _____ batch no. _____
 alternate substrate construction or sourcing – describe in Notes.

Substrate cut out: edge-filled & supplied cut to match cabinet with allowance for nose thickness; sink and trash holes cut to finish size (no edge fill needed); internal corner radii >1/4"; no thin "wings" other – describe: _____

Substrate marked: upper cabinet & closeout lines; nose & splash locations; serial number; top type

Edge trim: trim AeroStone flush and vertical with substrate edges, except nosing allow .12-.25" overhang for trim to fit at install, except nosing

Insert and pass-through installation: standard - installed for best fit after molded top received
 alternate - Installed before substrate shipped to AQI N/A

Burn samples: standard - one set of 3 identical 3"x12" burn samples for each top or set of tops of the same color in each aircraft, with construction identical to top; no edge fill other – describe: _____
